SYNOPSIS:

September 11, 2001. Salt Lake City, Utah. A messianic group called "The Open Mind Forum" awaits the implementation of NESARA, a secret law 100 years in the making. Once implemented, NESARA will abolish the IRS, remove George W. Bush from office, expose Bush as a reptilian alien, and install a UFO-flying Jesus as America's new leader.

NESARA was already delayed as a result of 9/11. If Bush declares war with Iraq, there's no telling how much further this crucial law will be denied. "The Open Mind Forum" must channel all their faith and prayers toward the desperate hope that their UFO allies will intervene this war, thereby establishing NESARA and delivering us peace and harmony on Earth.

"Unbelievably outrageous, supremely ridiculous, absolutely f***ing crazy. What Haradon captures on film is truly fascinating."
