SYNOPSIS:

Eda's doctor warns her against an abortion, since she is over three months pregnant. She decides to have one anyway. 3 years later, Eda discovers that she is being haunted by her unborn daughter. The ghost desires motherly affection and will not go away until she gets it!

Everywhere Eda goes, she sees her little girl. It drives her mad. Her life falls apart. Her friends think it's psychological, but Eda is convinced the ghost is real. It is not long before Eda lands in a mental hospital. The perfect place for the little girl to haunt her more frequently.
