Synopsis

An ex-boxer wakes up in chains. His name is Machimura. In this unfamiliar room, he sees his old boxing partner, Matoba; and his long time rival, Ushijima; both being held captive.

A woman's voice erupts: "Choose which one to kill... or you die." Machimura must choose or meet his fate. Machimura chooses... but the nightmare doesn't end. He must continue "choose," between the people from his past.

Ex-wife. Former boss. Past lovers... Where is this going? When will it end? How many judgments must he make, before this is over?
