Synopsis

For 20 years, Brent, Nick and Sue have been best friends. Now, they will face the truest test of their friendship... in Idaho. Sue left Idaho to pursue her dreams of becoming an actress in Hollywood, but Brent brought her back, in this stunning, unseen 90's indie gem that must be seen to be believed.

Shot on gorgeous 16mm, starring and directed by Gregory C. Haynes, "Share the Moon" is a dying breed of cinema, the kind of films that used to blow away film festival audiences on a regular basis. It is only a matter of time before "Share the Moon" becomes a cult favorite.
