Synopsis

IN THE REALMS OF THE UNREAL, an innovative feature length documentary, directed by Academy Award-winning filmmaker Jessica Yu and produced by Susan West, explores the parallel lives of legendary outsider artist Henry Darger. Reclusive janitor by day, visionary artist by night, Darger's 15,000 page novel details the exploits of the Vivian Girls, seven angelic sisters who lead a rebellion against godless, childenslaving men. Featuring the voices of Dakota Fanning (I AM SAM, CAT IN THE HAT) and Larry Pine (THE ROYAL TENENBAUMS, THE ICE STORM), the music of Emmywinning composer Jeff Beal and the work of a team of animators, this wholly original film tells the story of a hidden universe.
